

All information on the internet must travel equally (for example, if videos are slowed down, all videos should be slowed down equally). Giving the opportunity to duopolies to control the flow based on source of information is wrong.

The internet must remain open and free. Calling this docket "Restoring Internet Freedom" is dishonest. Keep the internet free from content restrictions by the few corporations providing us internet access.

Also, please don't take into account fake comments submitted in bulk by an unknown party.
